solution

Create a
better place.
Work for us.

Career Entry Level Opportunities with the Environment Agency:

- Join our Environment Officer Scheme and help us to create a cleaner, safer and healthier environment.
- Apply to our Flood and Coastal Engineering Degree Programme.
- Explore our exciting apprenticeships including the Level 3 Water Environment Worker and Level 6 Environmental Practitioner.
- Learn more about our internships and work placement opportunities.
- Become inspired by our engineering graduate training schemes.
- If you plan to study engineering at university look up the Quest Scholarship for those studying an accredited Civil Engineering course and The British Hydrological Society (BHS) Studentship Award Scheme for MSc students.
