

WHAT IS THE BEST THING ABOUT WORKING FOR CAREERS WALES?

Gyrfa Cymru
Careers Wales

"It is so rewarding working for an organisation where all staff, regardless of their role within the company, support one another in order to provide the best possible service for Careers Wales customers".

Zoe, Trainee Careers Adviser

"Having returned to the Company after a number of years engaged in other interests, I found the induction process comprehensive and the support from colleagues amazing. Colleagues and managers are always helpful and encouraging, meaning that we can always deliver the best service to customers at all times - especially during this particularly difficult time".

Alyson, Careers Adviser

"I would say the best thing is the staff, really friendly and always on hand to help in any way they can, making it a great working environment. I would also say that when the offices are open, its great meeting and helping different kinds of people and providing them with the information/help that they require".

Emyr, Careers Adviser

"I love the trust and autonomy that this company offers plus the flexible hours are wonderful".

Bethia, Manual Software Tester

"Working with supportive like-minded people in a friendly non-hierarchal environment. Flexible working hours, generous holiday entitlement".

"I have worked for Careers Wales for 30 years and I believe the following statement as well as working with the best people ever is why I have never left - I really don't think I could get better anywhere else as the company looks after us - very well!!

Careers Wales provides excellent pay, working conditions and benefits to staff including a private health care plan. The company promotes a strong Continuous Professional Development ethos by encouraging staff to regularly update their training and learning and gives them opportunity and time to complete NVQs that are relevant to their role".

Louise, Employability Coach

"Careers Wales is a wonderful company to work for because every employee is treated fairly and with respect. They make you feel valued and offer support in any way that they can. Careers Wales provide an extremely caring and rewarding work environment with great emphasis placed upon transparency, equality and diversity".

Karin, Administration Assistant

"I can't believe how quickly I settled into this role, I felt at home immediately! I think this is because everyone is so welcoming and supportive, wherever you go in the company. As a new starter, working from home in lockdown could have been quite a trial, but our training has been so well managed it has actually strengthened my relationships, especially with my team and fellow trainees. I'm really looking forward to continuing developing my skills and working in schools".

Christine,
Trainee Careers Adviser

"It has to be the staff, the colleagues in the office I work in and the BEA Team I am part of have been amazing, they have supported me and helped me understand my role. I have felt welcomed from the start and found it easy to settle in".
